

About RPA Commercial Loans

Description

About Our Founder – Randall Parker, MBA

Our founder, Randall Parker, took his first residential mortgage application. This was a six-way, multi-family refinance deal, so a very heady way to begin!

He commenced a ten-year journey as a financial advisor providing real estate, mortgages, insurance, investments, consumer counseling services, and more.

Randall Parker starts his own mortgage firm and operates under three banners over time (Clarion Mortgage, Windsor Capital Mortgage, and Shore Capital Mortgage Corporation, as a branch manager and loan officer. He continued to write mortgage business in California through 2011.

In 2004, he completed his university studies at California State University – Bakersfield with BSBA degrees in **Finance** (emphasis in Financial Planning) and **Sport Management** (Honor Graduate), conferred *Magna cum Laude*.

He completed the Helen Hawke Windes Four-Year Honors Program, along with minor degrees in Applied Economics and Applied Statistics. He also was awarded the prestigious John Brock Business Scholarship.

Randall Parker completes his Masters in Business Administration – General Management at [University of Southern California](#) with an emphasis in commercial real estate finance.

His analysis of the 2006 GE/Arden/Trizec real estate transaction earned the top grade in his MBA cohort. While most practice teams had 6-8 members, he completed this project with just a single partner.

Randall Parker is named a Member of the Board of Directors for Ecolux Inc. (Philippines). His assigned responsibilities include oversight of Legal, Financial, and Marketing departments of the firm.

Randall Parker is named Director of Equity for Chicago-based Alliance Realty Group. He is tasked with marketing to Chinese EB-5 visa applicants, establishing relationships with family offices, and setting-up a nationwide network of correspondent Realtors.

Randall Parker joins Mortgage Ezy (Australia), which is the largest, privately-held mortgage manager in the country, as an Account Manager.

Recruiting more than 700 brokers over the next four years, he would close more than \$250 million in transactions annually while positioning himself as the company's subject-matter expert in SMSF and NDIS loans.

Due his spectacular success with SMSF loans (similar to self-directed IRAs in the US) the company was recognized as the *SMSF Adviser* SMSF Awards Winner for SMSF Lenders in 2023, *SMSF Adviser* Australia Broker's Choice Award Winner for Best SMSF Lender in 2022, and **Self Managed Super Fund** Awards Finalist in 2022.

Randall joins a national commercial mortgage brokerage as senior vice president – loan production. He personally generated over \$1.9 billion in loan applications in only six months. After being disappointed with the company's poor leadership, he decided he needed to run on his own track.

In November, he established RPA Commercial Loans as an independent, nationwide commercial loan brokerage. Join us on this journey.
